

Proposed Cancellations June 2023

Items highlighted in green will be retained. Decisions were informed by feedback received during the consultation period.

The resources recommended for cancellation have been selected based on low usage during the January to December 2022 period. A cost per use[^] has been primarily derived from 2022 usage and 2022 cost. These items have been marked with an asterix in table. Only subscriptions with a cost per use higher than an interlibrary loan (\$27.37) have been included in this list for consideration. If you require further information, or wish to provide feedback, please contact Danni Feng, Agreements Team Leader at danni.feng1@unimelb.edu.au.

[^]Cost per use is the cost of a subscription divided by the number of times the full content of any items relating to that subscription have been accessed
