

## Proposed Cancellations March 2021

The resources recommended for cancellation have been selected based on low usage during the 2017-2020 period. A cost per use^ has been primarily derived from 2020 usage and 2020 cost. Where 2020 usage is not yet available cost per use has been derived from 2019 usage and 2019 cost. These items have been marked with an \* in table. Only subscriptions with a cost per use higher than an interlibrary loan (\$21) have been included in this list for consideration. If you require further information, please contact Paula Barlow, Collection Analysis Team Leader, [paulamb@unimelb.edu.au](mailto:paulamb@unimelb.edu.au)

*^Cost per use is the cost of a subscription divided by the number of times the full content of any items relating to that subscription have been accessed*
